

SWISS CROWN™

USA

PRE-OWNED ROLEX – INDEPENDENTLY CERTIFIED

EVEROVON

CURATED EXCELLENCE. TIMELESS VALUE.

THE FINEST QUALITY PRE-OWNED LUXURY WATCHES

Our process begins by hand selecting and buying only the finest quality pre-owned Rolex watches.

Each watch is then inspected, authenticated, overhauled, polished and tested by CW-21 certified technicians trained on luxury Swiss watches and backed by a two-year limited warranty.

A pre-owned Rolex, independently certified, comes with all the performance, precision and prestige you want at a fraction of the price.

FREQUENTLY ASKED QUESTIONS

HOW DO I KNOW THE WATCH IS REAL?

We are the leader in pre-owned, independently certified Rolex watches. Each watch we sell is authenticated, as shown on the third-party independent certification report accompanying every watch. We use a five-step authentication process, which includes CW-21 Swiss Watch experts.

WHERE DO YOU SOURCE YOUR WATCHES FROM?

We source watches from reputable, vetted dealers that have been working with the Swiss Crown™ USA brand for many years and, in some cases, have been in the business for generations.

DOES IT COME WITH ORIGINAL PAPERS?

No. Each watch comes with a third-party independent certification report describing its characteristics. Very few pre-owned Rolex watches come with original papers.

ARE ALL THE PARTS ORIGINAL?

Every part in the movement is an original Rolex part. As well as the serialized case, bracelet, and dial plate. Any aftermarket parts, such as VS clarity (G-H color) diamonds or crystals are disclosed on the third-party certification report.

WHO WILL SERVICE THE WATCH?

CW-21 Swiss watch experts selected to work on Swiss Crown™ USA brand pre-owned watches service the watch. Rolex will not. Rolex has a strict policy of not servicing a Rolex if it was not bought at an authorized Rolex dealer or if someone other than Rolex has serviced the watch.

WHY PURCHASE A SWISS CROWN™ USA BRAND PRE-OWNED WATCH?

- Finest quality pre-owned Rolex watches
- Five step authentication process
- Completely overhauled, polished, time and pressure tested
- Workmanship by CW-21 certified Swiss watch technician
- Third-party Independent Certification report with serial and Rolex model number
- Two-year limited warranty

1. Only VS quality (G-H color) diamonds are used in all Swiss Crown™ USA brand pre-owned independently certified Rolex watch dials and bezels.
2. All watches have an original Rolex dial plate to ensure quality and proper functionality of movement.
3. Only genuine Rolex parts are used to replace internal or external parts that need replacing (except sapphire crystal) for proper timepiece function.

4. ADDITIONAL LINKS ARE AVAILABLE FOR ALL PRE-OWNED WATCH MODELS.

PRICE POINTS

Buying a pre-owned Rolex offers substantial cost savings.

Pre-owned Rolex Watches vary in cost based on style and diamond enhancements.

Rolex watches tend to hold their value over time.

PARTS & ENHANCEMENTS

Every part in the movement is an original Rolex part as well as the serialized case, bracelet, and dial plate. Any aftermarket parts, such as VS clarity (G-H color) diamonds or crystals are disclosed on the third-party certification report.

Due to the high end, limited availability of our products, and the specific year the parts are collected from, certain elements of the watches will vary slightly.

👑 = Each Special Order item is marked with a crown symbol.
Please allow 4 to 6 weeks for all special order watches.

☎ = Call for availability & pricing.

DIAMOND ENHANCEMENTS

Our Swiss Crown™ USA brand only uses VS clarity (G-H color) natural diamonds.

Men's Watches (36mm)	= 1.25 CTW in bezel
	= 0.15 CTW in dial
Midsized (31mm)	= 0.80 CTW in bezel
	= 0.10 CTW in dial
Ladies (26mm)	= 0.70 CTW in bezel
	= 0.10 CTW in dial

*Diamond weight may vary by .05 CTW
